

MUSC Enduring CME (online)

Appropriate Prescribing of Controlled Substances (15 credits)

This program has been reviewed and is approved for a maximum of 15 hour of clinical Category I CME credit by the American Academy of Physician Assistants. This program was planned in accordance with AAPA's CME Standards for Enduring Educational Programs and for Commercial Support of Enduring Educational Programs. Participants must successfully complete a program evaluation and post-module test questions in order to receive AAPA credit for participation.

Best Practices for Pain Management: inpatient to outpatient (4 credits)

Physician Assistants who desire to obtain 4 category I hours to maintain expanded prescriptive authority are encouraged to participate. The course is offered through WebCT®, where video presentations, handouts, and other tools are managed. Once you complete your course post- test and evaluation, you will be sent a certificate of completion.
